**Conductor Quantity:**

1

**Conductor Form:**

Braid, tubular single conductor

**Special Features:**

Wire size is 22 awg; voltage rating is 600 vac; cable jacket color is green; conductor type is tin plated copper; wire color is green; outside diameter is .076 inch; wire diameter is .043 inch; conductor o/d is .031 inch; temperature range is -65 degrees c to plus 150 degrees c.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
