Conductor Quantity:

1

Conductor Form:

Braid, tubular single conductor

Special Features:

Wire size is 22 awg; voltage rating is 600 vac; cable jacket color is green; conductor type is tin plated copper; wire color is green; outside diameter is .076 inch; wire diameter is .043 inch; conductor o/d is .031 inch; temperature range is -65 degrees c to plus 150 degrees c.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
