**Cross Sectional Shape:**

Round

**Conductor Quantity:**

2

**Conductor Form:**

Solid all conductors

**Special Features:**

Wire, electric, fluoropolymer-insulated, extruded etfe, medium weight, tin-coated copper conductor, 600-volt, 150 degrees c.

**Material:**

Tin core coating all conductors

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A077a0
