Cross Sectional Shape:

Coil/cord

Tempurature Rating:

200.0 degrees celsius

End Application:

Threat emitter

Conductor Form:

Braid, tubular all conductors

Product Name:

Hookup wire, polytetrafluoroethylene insul

Color:

Red core wrap

Material:

Copper 1st position shield foil all conductors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
