Environmental Protection:

Oil resistant and abrasion resistant

End Application:

Navipilot 400

Conductor Quantity:

4

Conductor Form:

Stranded 1st conductor

Voltage Rating:

300.0 service voltage all conductors

Special Features:

120 ohm impedance, data rates up to 500 kbps, oil resistant pvc, halogen free or abrasion resistant pur jacket

Color:

Violet 1st position shield foil cable

Material:

Plastic polyethylene 1st position shield foil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A077a0
