Cross Sectional Shape:

Round

Outside Diameter:

0.0390 inches single conductor

End Application:

B-1 bomber

Conductor Form:

Solid, tubular single conductor

Product Name:

Wire, electrical solderless wrap

Round Conductor Size:

A22 awg single conductor

Conductor Cross-sectional Shape:

Tubular solid single conductor

Voltage Rating:

300.0 service voltage single conductor

Material:

Silver core tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
