Cross Sectional Shape:
Round
Outside Diameter:
0.0390 inches single conductor
End Application:
B-1 bomber
Conductor Form:
Solid, tubular single conductor
Product Name:
Wire, electrical solderless wrap
Round Conductor Size:
A22 awg single conductor
Conductor Cross-sectional Shape:
Tubular solid single conductor
Voltage Rating:
300.0 service voltage single conductor
Material:
Silver core tube
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A077a0
