**Cross Sectional Shape:**

Round

**Outside Diameter:**

0.0390 inches single conductor

**End Application:**

B-1 bomber

**Conductor Form:**

Solid, tubular single conductor

**Product Name:**

Wire, electrical solderless wrap

**Round Conductor Size:**

A22 awg single conductor

**Conductor Cross-sectional Shape:**

Tubular solid single conductor

**Voltage Rating:**

300.0 service voltage single conductor

**Material:**

Silver core tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A077a0
