Cross Sectional Shape:

Round

Cross Section Outside Diameter:

0.226 inches

Conductor Quantity:

8

Features Provided:

Rohs directive compliance

Conductor Form:

Solid all conductors

Product Name:

Category 6 plenum

Material:

Plastic fluorinated ethylene propylene core secondary insulation all conductors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
