Width:

0.375 inches single conductor

Current Carrying Capacity In Amps:

32.00

Height:

0.030 inches single conductor

Conductor Form:

Braid, flat single conductor

Product Name:

Braid, wire, electrical

Material:

Copper 1st position coating single conductor

Surface Treatment:

Tin 1st position coating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
