Cross Sectional Shape:

Round

Outside Diameter:

0.044 inches and 0.050 inches single conductor

Features Provided:

Rohs directive compliance

Conductor Form:

Solid, tubular single conductor

Product Name:

25 ohm semi-rigid impedance matching cable

Voltage Rating:

1500.0 root mean square (rms) operating voltage single conductor

Special Features:

length 20ft

Material:

Copper core coating

Surface Treatment:

Silver core tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A077a0
