End Application:

1430-01-643-4988

Product Name:

Wire, electrical polytetrafluoroethylene insulated, high

Special Features:

Type of wire - e; conductor size - 26; contraction over primary insulation - u (unjacketed); color code 905 (color number 9 white); e26 - number of strands 19

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
