Body Cross-sectional Shape:

Flat

Cross-sectional Height:

0.317 inches

Mounting Configuration:

Two 0.171 inch diameter holes on 5.594 inch mtg centers

Construction:

Solid

Material:

Copper alloy

Precious Material And Location:

Surface silver

Precious Material And Weight:

0.040 silver grains, troy

Precious Material:

Silver

Surface Treatment:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
