**Special Features:**

252.000 in. O/a lg of cable, 18 conductors size 20 awg, 5 conductors 36.000 in. O/a lg with terminal lugs on one end, 8 conductors 252.000 in. O/a lg with terminal lug on one end and 1 connector, electrical receptacle km6-21-30snmk2 on other end, 1 conductor 252.000 in. O/a lg with terminal lugs on each end, 6 conductors are shield and 2 are a twisted pair, the shielded conductors are tied to ground with shield pigtail conductors are covered with vinyl sleeving, 5 conductors 9.000 in. O/a lg used as jumpers between pins on connector end

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A077a0
