Body Cross-sectional Shape:

Rectangular

Overall Length:

1.650 inches

Cross-sectional Width:

0.560 inches

Mounting Configuration:

Two 0.312 in. Diameter holes 1.150 in. C to c

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-576 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
