Body Cross-sectional Shape:

Rectangular

Overall Length:

6.940 inches

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

1.250 inches

Mounting Configuration:

Two 0.530 in. Diameter holes 5.700 in. C to c

Construction:

Solid

Material:

Copper

Surface Treatment:

Tin

Specification Or Standard:

1 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
