Body Cross-sectional Shape:

Irregular

Overall Length:

6.050 inches

Cross-sectional Height:

0.021 inches

Cross-sectional Width:

1.625 inches

Mounting Configuration:

Six 0.203 in. Diameter holes, irregularly spaced

Construction:

Solid

Material:

Copper

Fsc Application Data:

Dummy load, electrical test, except specially designed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
