| Cross Sectional Shape:                             |
|----------------------------------------------------|
| Round                                              |
| Center To Center Distance Between Terminal Holes:  |
| 5.625 inches                                       |
| Termination Type:                                  |
| Terminal storage battery both ends first conductor |
| Conductor Form:                                    |
| Stranded single conductor                          |
| Round Conductor Size:                              |
| 2/0 awg single conductor                           |
| Terminal Lug Style:                                |
| Straight bolt clamp 2nd end single conductor       |
| Terminal Polarity:                                 |
| Negative both ends single conductor                |
| Material:                                          |
| Copper core conductor single conductor             |
| Shelf Life:                                        |
| N/a                                                |
| Unit Of Measure:                                   |
|                                                    |
| Demilitarization:                                  |
| No                                                 |
| Fiig:                                              |
| A077a0                                             |
|                                                    |
|                                                    |
