Body Cross-sectional Shape:

Flat

Overall Length:

3.657 inches

Cross-sectional Height:

0.020 inches

Cross-sectional Width:

0.594 inches

Mounting Configuration:

Two 0.157 in. Diameter mtg holes

Construction:

Solid

Material:

Copper

Precious Material And Location:

Surface silver

Precious Material And Weight:

0.040 silver grains, troy

Precious Material:

Silver

Surface Treatment:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
