**Body Cross-sectional Shape:**

Flat

**Cross-sectional Height:**

0.045 inches

**Cross-sectional Width:**

2.750 inches

**Mounting Configuration:**

Six 0.500 in. Diameter holes equally spaced

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-576, 1/2h federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 2, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537p0
