**Body Cross-sectional Shape:**

Flat

**Overall Length:**

6.856 inches

**Cross-sectional Height:**

0.063 inches

**Cross-sectional Width:**

0.380 inches

**Mounting Configuration:**

Nine 0.182 in. Approx diameter mtg holes spaced 0.812 in. Apart commencing 0.180 in. From either end

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-576, annealed federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 2, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537p0
