Body Cross-sectional Shape:

Flat

Overall Length:

4.880 inches

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

2.440 inches

Mounting Configuration:

Two 0.344 holes, two 0.281 holes, one 0.172 hole, one 0.594 hole

Construction:

Solid

Material:

Copper

Material Specification:

Qq-b-825, type 1, class 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
