### **Body Cross-sectional Shape:**

Rectangular

**Overall Length:** 

8.300 inches

# **Cross-sectional Height:**

0.150 inches

## **Cross-sectional Width:**

0.445 inches

#### **Mounting Configuration:**

17 electrical connection pins

## **Construction:**

Solid

#### Material:

Copper

#### **Material Specification:**

Qq-c-576, 1/2h federal specification single material response

## Surface Treatment:

Tin

## Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

#### Shelf Life:

N/a

#### Unit Of Measure:

```
--
```

## Demilitarization:

No

Fiig:

A537p0

## Mil-std (military Standard):

Mil-t-10727 spec.
