**Body Cross-sectional Shape:**

Flat

**Overall Length:**

2.140 inches

**Cross-sectional Height:**

0.125 inches

**Cross-sectional Width:**

0.750 inches

**Mounting Configuration:**

Two 0.218 in. Diameter mtg holes spaced 1.390 in. Center to center

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-502 federal specification single material response

**Surface Treatment:**

Nickel

**Surface Treatment Specification:**

Qq-n-290, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537p0
