Body Cross-sectional Shape:

Rectangular

Overall Length:

2.000 inches

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

1.000 inches

Mounting Configuration:

Two holes 0.380 in.Min diameter 0.413 in.Max dia

Construction:

Solid

Material:

Copper

Material Specification:

Qq-b-825, type 1, class 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
