Mounting Configuration:

Four 0.687 in. Diameter mtg holes at one end

Construction:

Solid

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, alloy 6061 federal specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0

Mil-std (military Standard):

Mil-c-5541 spec.
