# Body Cross-sectional Shape:

Flat

**Overall Length:** 

3.700 inches

## **Cross-sectional Height:**

0.010 inches

#### **Cross-sectional Width:**

0.175 inches

#### **End Application:**

Circuit board assembly

## Mounting Configuration:

Four mtg posts, 1.200 in. Between ea post

#### **Construction:**

Solid

# Material:

Copper

#### Precious Material And Location:

Surface gold

#### **Precious Material And Weight:**

0.040 gold grains, troy

#### Precious Material:

Gold

#### Surface Treatment:

Gold

#### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

## Fiig:

A537p0
