| Body Cross-sectional Shape:                              |
|----------------------------------------------------------|
| Oblong                                                   |
| Overall Length:                                          |
| 1.500 inches                                             |
| Cross-sectional Height:                                  |
| 0.062 inches                                             |
| Cross-sectional Width:                                   |
| 0.500 inches                                             |
| End Application:                                         |
| C-141 acft                                               |
| Mounting Configuration:                                  |
| Two 0.187 in. Diameter holes, 0.437 in. Center to center |
| Construction:                                            |
| Solid                                                    |
| Material:                                                |
| Copper                                                   |
| Surface Treatment:                                       |
| Nickel                                                   |
| Shelf Life:                                              |
| N/a                                                      |
| Unit Of Measure:                                         |
|                                                          |
| Demilitarization:                                        |
| No                                                       |
| Fiig:                                                    |
| A537p0                                                   |
|                                                          |
|                                                          |
