### **Body Cross-sectional Shape:**

U-shaped

### **Overall Length:**

13.280 inches

# **Cross-sectional Height:**

0.190 inches

### **Cross-sectional Width:**

0.090 inches

## Construction:

Hollow

Material:

Copper alloy

#### **Material Specification:**

Qq-c-533 federal specification single material response

#### Surface Treatment:

Tin

#### Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A537p0

#### Mil-std (military Standard):

Mil-t-10727 spec.
