Body Cross-sectional Shape:

Flat

Overall Length:

10.000 inches

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

1.000 inches

Mounting Configuration:

Two 0.201 in. Diameter holes 9.250 in. C to c

Construction:

Solid

Material:

Copper

Material Specification:

Qq-b-825, type 1, class 1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
