**End Application:**

6625-01-083-3706 analyzer, spectrum

**Special Features:**

Has 50 conductors; conductor size 28 awg; plastic insulator material; term first end-pc mount term 50 pin male; term second, third end-50 pin female connector; o/a lg in in.-23.400

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A077a0
