**Body Cross-sectional Shape:**

Flat

**Overall Length:**

30.325 inches

**Cross-sectional Height:**

0.021 inches

**Cross-sectional Width:**

0.230 inches

**Mounting Configuration:**

Two 0.059 in. To 0.064 in. Diameter holes 16.720 to 16.840 in. C to c and 133 contacts equally spaced

**Construction:**

Solid

**Material:**

Copper alloy

**Material Specification:**

Qq-c-533, 1/2h federal specification single material response

**Surface Treatment:**

Tin

**Surface Treatment Specification:**

Mil-t-10727, type 1 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537p0

**Mil-std (military Standard):**

Mil-t-10727 spec.
