Body Cross-sectional Shape:

Flat

Overall Length:

22.380 inches

Cross-sectional Height:

0.250 inches

Cross-sectional Width:

0.880 inches

Mounting Configuration:

Four holes unevenly spaced

Construction:

Solid

Material:

Copper

Surface Treatment:

Nickel

Surface Treatment Specification:

Qq-n-290 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
