Body Cross-sectional Shape:

Flat

Cross-sectional Height:

0.090 inches

Mounting Configuration:

Two 0.191 in. Diameter holes and one slot

Construction:

Solid

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, alloy 6061 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
