**Body Cross-sectional Shape:**

Flat

**Overall Length:**

4.044 inches

**Cross-sectional Height:**

0.050 inches

**Cross-sectional Width:**

0.440 inches

**Mounting Configuration:**

Five 0.172 in. W by 0.344 in. Lg slots equally spaced and one 0.166 in. Diameter hole 0.702 in. From one end

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-576, annealed federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 2, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537p0
