Conductor Bus - Page 1 of 1

Body Cross-sectional Shape:

U-shaped

**Overall Length:** 

7.710 inches

# **Cross-sectional Height:**

0.190 inches

# Cross-sectional Width:

0.090 inches

# Mounting Configuration:

13 clips equally spaced

## Construction:

Solid

#### Material:

Copper alloy

#### Surface Treatment:

Tin

#### Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

# Unit Of Measure:

---

#### Demilitarization:

No

# Fiig:

A537p0

## Mil-std (military Standard):

Mil-t-10727 spec.
