End Application:

F-4g aircraft

Special Features:

39 conductors; 5 branches; first end connector 8029949-1, adapter connector 8129776-3, boot, straight cable 8129764-3, length 14.00 in.; second end connector 8029949-3, adapter connector 8129776-1, boot, straight cable 8129764-1, length 14.00 in.; third end connector plug electrical ms3476w24-6p, adapter connector 8129776-7, boot, straight cable 8129764-3; length 15.00 in.; fourth end connector coaxial 8129767, boot, straight cable 8129764-7, cable coaxial 8129766, length 21.00 in.; fifth end connector plug electrical ms3476w20-39p, adapter connector 8129776-5, boot, straight cable 8129764-1, length 13.00 in.; electrical wire is 20 awg

Fsc Application Data:

Wire and cable electrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A077a0
