Special Features:

Gable assembly, special purpose electrical, dimensions; straight 24.00 in.Lg; branch 1.62 in.Lg; branch 23.25in.Lg; branch 6.50 in.Lg; branch 9.00 in.Lg; each of the 6 ends are fitted w/ a connector plug; material and construction; wires are stranded silver plated copper, insulated w/ polytetrafluoroethylene; cable core is wrapped w/ aluminum faced mylar tape; contact resistance; 1.5 milliohms max. Signal frequency; dc to 1 megahertz. Shielding. 200 kilohertz to 11.0 gigahertz, withstanding voltage; 1000 volts rms at sea level; temperaturerange minus 45.6 degrees celsius to pluss 71 degrees celsius; test pull 100 pounds

Shelf Life:

N/a
