Body Cross-sectional Shape:

Rectangular

Overall Length:

6.800 inches

Cross-sectional Width:

0.250 inches

Construction:

Solid

Special Features:

4 hole 0.140 in. Dia, 2 holes 0.112-40 unc-2b

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8, alloy 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
