**Body Cross-sectional Shape:**

Flat

**Overall Length:**

4.030 inches

**Cross-sectional Height:**

0.020 inches

**Cross-sectional Width:**

Between 0.079 inches and 0.084 inches

**Mounting Configuration:**

14 0.043 in. Diameter holes in seven groups of two evenly spaced

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-b-825, type 1, class 1 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A537p0
