Body Cross-sectional Shape:

L-shape

Overall Length:

65.000 inches

Cross-sectional Width:

1.000 inches

Mounting Configuration:

12 0.220 in. To 0.226 in. Holes evenly spaced and four slots

Construction:

Solid

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type 2, class 1 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
