Body Cross-sectional Shape:

Flat

Overall Length:

4.600 inches

Cross-sectional Height:

0.032 inches

Cross-sectional Width:

0.500 inches

Mounting Configuration:

Five slanted clips equally spaced

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-576, 1/2h federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
