Body Cross-sectional Shape:

Flat

Overall Length:

18.400 inches

Cross-sectional Height:

0.025 inches

Cross-sectional Width:

0.700 inches

Mounting Configuration:

61 pins equally spaced on three levels and two 0.194 in. Diameter holes 12.000 in. C to c

Construction:

Solid

Material:

Copper alloy 510

Surface Treatment:

Tin and lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
