**Body Cross-sectional Shape:**

Flat

**Overall Length:**

6.438 inches

**Cross-sectional Height:**

0.051 inches

**Cross-sectional Width:**

0.438 inches

**Mounting Configuration:**

Nine 0.201 in. Diameter holes 0.750 in. C to c

**Construction:**

Solid

**Material:**

Copper

**Material Specification:**

Qq-c-502 federal specification single material response

**Surface Treatment:**

Nickel

**Surface Treatment Specification:**

Qq-n-290 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537p0
