Body Cross-sectional Shape:

Rectangular

Overall Length:

1.620 inches

Cross-sectional Height:

0.062 inches

Cross-sectional Width:

0.620 inches

End Application:

Oth-b an/fps-118

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-502, soft federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
