Body Cross-sectional Shape:

U-shaped

Overall Length:

3.100 inches

Cross-sectional Height:

0.021 inches

Cross-sectional Width:

0.230 inches

Mounting Configuration:

12 contacts 0.625 in. C to c and one right end and one left end side hole 0.060 in. Dia

Construction:

Solid

Material:

Copper alloy

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0

Mil-std (military Standard):

Mil-t-10727 spec.
