Body Cross-sectional Shape:

Rectangular

Overall Length:

3.690 inches

End Application:

F-15

Cross-sectional Diameter:

0.097 inches

Construction:

Solid

Material:

Copper alloy

Material Specification:

Qq-c-576, comp 2 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0
