End Application:

2805-01-182-8467

Special Features:

3 conductors; 18 awg; stranded; copper; silver coated; astm b298; 19 strands; 30 awg per strand; primary insulation each conductor; polytetrafluoroethylene (ptfe), extruded; I-p-403 type 3; 0.064 in. Min 0.074 in. Maximum diameter offinished wire; 200 degrees celsius temp rating; 1 st conductor; black color; 5.63 in. Min 5.87 in. Maximum lg; 2 nd conductor; red color; 6.63 in. Min 6.87 in. Maximum lg; 3 rd conductor; yellow color; 6.63 in. Min 6.87 in. Maximum lg; 1 st end; 3 conductors embedded in flanged connector-receptacle; 2 nd end; 3 conductors each w/lug terminal; slotted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
