Body Cross-sectional Shape:

Flat

Overall Length:

1.600 inches

Cross-sectional Height:

0.125 inches

Cross-sectional Width:

0.490 inches

Mounting Configuration:

Two holes 0.375 in. Dia, two holes 0.047 in. Diameter unevenly spaced

Construction:

Solid

Material:

Copper

Material Specification:

Qq-c-576 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537p0
