Body Cross-sectional Shape:

Flat

Overall Length:

7.050 inches

Cross-sectional Height:

0.030 inches

Cross-sectional Width:

0.800 inches

Mounting Configuration:

18 tabs equally spaced

Construction:

Solid

Special Features:

Top of bar chamfered 45 degrees ea end

Material:

Copper

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537p0

Mil-std (military Standard):

Mil-t-10727 spec.
